## Annual Report 2020-2021

Fiscal year end June 2021

### Vision

DASA athletes will be encouraged to continually seek their highest level of independence and to become involved to the greatest extent with their non-disabled peers and community as a whole. Our programs introduce both children and adults to sports and fitness activities that promote physical fitness, self-confidence, family values, and a positive, team-building atmosphere that will encourage personal growth throughout all aspects of life.

### Mission

All of those who live with a physical, visual, or hearing disability will be given the opportunity to participate in therapeutic sports and fitness activities designed to improve self-esteem and promote growth and well-being.

### Accomplishments

Began development of DASA programs in the St Louis City area.

Successfully implemented full week of in person Camp WeCanDu with strict covid precautions in place.

Diligently worked with Operational Consultants in HR Planning and Board Development to ensure DASA's great efficiency, future succession and legacy.
